WHAT IS OUR FLAG?

Since the provincial government of Manitoba led the way for western provinces in the practice of hoisting a flag—we use "a" instead of "the" with all due caution—over school-houses, a squabble has been going on intermittently amongst school boards, newspapers and private individuals as to the proper flag to hoist. With the sturdy independence characteristic of a young nation, the prevailing sentiment favours a Canadian flag, that is a flag which, while showing its common citizenship with the rest of the British Empire, shall also proclaim to the world that it represents a country with a name of its own, a self-governing Dominion. Officialdom, on the other hand, is divided on the question, and the provincial government of British Columbia, no doubt puzzled by the conflicting claims advanced by advocates of what is termed the "Canadian ensign" and of the Union Jack, have decided on the latter as certainly being British and the symbol of Union. The result is much wrath amongst those who deem the Union Jack to represent the United Kingdom of Great Britain and Ireland only, and the school trustees of New Westminster, for instance, have flatly refused to comply with the government's mandate, saying they will fly the "Canadian ensign" or none.

When the breezy western mind enters into questions of heraldry and blazonry it often goes sadly astray, as these are matters which belong to such relics of the mediaeval ages as the College of Heralds and seem as out of place as certainly as they are out of the range of knowledge of the West. Yet, when the matter is a simple one pertaining to the "national flag," it is almost beyond belief that such a reputable and usually well-informed paper as the Manitoba Free Press would show ignorance of what the "Canadian ensign" represents. Some time ago it took the B. C. government to task in an editorial article nearly a column long for ordering the Union Jack to be used instead of the "Canadian Flag," and it made the following remarkable statement, which was faithfully copied with entire approval by scores of weekly papers throughout the country:

"As a matter of fact, the only difference between the British red ensign and the Canadian flag is that the latter carries in the fly the arms of the Dominion. Both are made up in chief of the Union Jack. The heraldic 'écu complet,' the complete shield, is made up of the arms of the various provinces. In the arms of Ontario and Manitoba the cross of St. George signifies British nationality. In the arms of Quebec, New Brunswick, Prince Edward Island, Saskatchewan and in the proposed design for the Yukon the 'Lion of England' denotes British Dominion. The arms of British Columbia display the Union Jack itself. This is the flag, the flag of Canada, which so affrights the government of a Canadian Province that it prohibits its being flown over the public schools. The Imperial relationship would be in a parlous state, truly, if it required for its preservation such a Hora-

tus on the bridge as the gentleman who happens to be Minister of Education in British Columbia at the present time."

Since when, may we ask, were the arms of the provinces of Prince Edward Island, Manitoba, Alberta, Saskatchewan and British Columbia incorporated in the so-called "Canadian Flag?" If any flags have been made or used with the coats of arms of the provinces incorporated with the original coat-of-arms of the Dominion as created in 1867, they are heraldically incorrect, and there is absolutely no authority for their use. If the reader has the time and patience to hunt up any book of reference containing a coloured plate of the "Canadian flag," he will find it is the red ensign, i. e. a flag with red field and the Union Jack in the top left hand corner, while on the field or fly appears a shield made up of the armorial bearings of the FOUR provinces which entered into the Dominion at Confederation. This flag was authorised by the British Admiralty three or four years after Confederation for use by the merchant marine of those federated provinces, not as a national emblem, but for convenience in recognising at sea the country of registry of Canadian vessels.

Does any loyal Canadian venture to say that such a flag is an adequate representation of the Canada of today, a flag that ignores the five provinces which joined the confederation in later years? If so, he must be of the kind to whom Ontario or Quebec spells Canada.

The truth is we have no proper Canadian flag, and those who would seek to foist on us the "Canadian ensign" as the proper emblem to hoist over our British Columbian schools show little pride in their home province that they consent to its obliteration on the national flag in favour of four only of the original provinces. If the "red ensign" is to bear a distinguishing badge on its fly, let it show the beaver or the maple leaf, both of them emblems typical of Canada as a Dominion and found from the Atlantic to the Pacific. We do not ask that provincial pride should receive a sop by the inclusion of the arms of all the provinces in the shield on the fly. At a few feet distance, the present heraldic jumble is only a meaningless blot to the human eye, and it would make confusion worse confounded to add the vari-coloured coats-of-arms of five more provinces to the shield. Let us have a symbol which will adequately represent national unity instead of administrative divisions, but if we cannot have it, far better that we should use the old Union Jack, the symbol of imperial unity, than suffer the humiliation of the greater being represented by the less. The so-called "Canadian flag" that the school trustees of New Westminster are so eager to adopt is a narrow, archaic and meaningless conception of our wide Dominion and unworthy of Canada.

PUBLICITY CAMPAIGN Planned For B. C.

(Vancouver Province, Sept 17)

The next big publicity campaign of the Western Canada Immigration association is to be devoted to British Columbia. It will result in settling thousands of Americans from the middle west in the Kootenays, the Okanagan and in the Fraser river valley. The agricultural and fruit-growing possibilities of the province are to be exploited as they never have been before.

This was the statement made to The Province to-day by Mr. John F. Langan of Chicago, a prominent member of the association. Mr. Langan will be joined here next week by Mr. Walter Gunn of the Gunn-Vanderhoff Publishing company of Chicago. Together they will tour the province to obtain data for the publicity campaign to be waged under the auspices of the association. Mr. Langan is already familiar with many sections of the province.

"The association intends to expend \$5000 in advertising British Columbia in one American magazine alone. It started the influx of Americans to the prairie provinces and will do the same for British Columbia. When the movement was launched Calgary had 7000 people. To-day its population is 27,000. Mr. Emerson Hough, a noted writer, is preparing a serial entitled Sowing, dealing with the prairie provinces and British Columbia. He was out here some time ago. His work will later be issued in book form. As it deals with foreign immigration he went to Europe to secure some of his data."

A Musical Diet

Mr. Stubb (in astonishment).—Why, Maria! That tramp has been singing out in the back yard for the last hour.

Mrs. Stubb.—Yes, John, it is all my fault.

Mr. Stubb.—Your fault?
Mrs. Stubb.—Indeed it is. I thought I was giving him a dish of boiled oatmeal and instead of that I boiled up the birdseed by mistake.

OUR NEW BRIDGES

Kelowna, Sept. 12, 1908.
To the Editor,
Kelowna Courier.

Dear Sir: The persons, whoever they may be, who are responsible for the construction of the roads and bridges of this city, must have very singular ideas as to their duties. Not content with making a sidewalk in the avenue next to Burne Avenue for the benefit of one empty shack and grading up the road which is now again grown over with weeds, they leave the continuation of Richter street a wilderness of stumps and the approach to the bridge on one side a mass of sand while the other side has not been levelled at all.

While Pendozi street bridge was being remade all traffic had to go round over the new bridge at Chinatown. One would think that some kind of a temporary road might have been made; but no, carts had to make the best of a very bad piece of ground and plunge over stumps and hollows as best they could. This route had to be taken by the delegates of the Irrigation Convention on their return from their drive to the K. L. O. bench: what a fine advertisement for Kelowna!

Again, when the Pendozi street bridge was finished, passengers over it must have been astonished to see suspended above their heads from the gallowes like cross beam the familiar old inscription enjoining them to proceed at a walk. Is this inscription so valuable that the Council are loath to put it away? or are the massive beams of the new bridge so honeycombed with dry rot that they are in danger of collapse under a moving load? It is certain that if a threshing engine or a very heavy wagon comes along, it will go over the bridge; ordinary vehicles may then surely be permitted to go at their usual pace. That a new bridge should bear such an inscription is a reproach to the builders; and to visitors from other districts it is again "a fine advertisement for Kelowna!"

I am, etc.

VIATOR.

HARDMAN VS. C.O.L. & O.CO.

Arbitration Case

The question of compensation to Mr. H. W. Hardman for damages done to his property by the ditch of the Central Okanagan Land & Orchard Co. was heard on Tuesday before arbitrators. Mr. Hardman selected Mr. W. D. Hobson as his arbitrator, the Central Okanagan Land and Orchard Co. chose Mr. John Dilworth, and Mayor Sutherland was selected as umpire. Mr. J. F. Burne represented Mr. Hardman and Mr. F. Billings, Vernon, the Company.

After examination of witnesses, counsel pled at length for their respective sides. The arbitrators retired to consider the evidence and pleas, and the case took a long time to determine, lasting from 10 a.m. to 5 p.m. The decision awarded \$750 to Mr. Hardman and required the company to put in proper order the dump made by the construction of the ditch through his property. It appeared by the evidence that the ditch had cut through that of Mr. Hardman, intercepting his water supply and causing the loss of a number of young fruit trees and some crop, in addition to the damage done by cutting up his place.

THE FALL FAIR

The fall fair this year was not blessed with the propitious weather of former occasions. While there was no rain, chilly winds had a perceptible effect on the attendance, which undoubtedly would have been much larger if the weather had been warmer. The management did well, however, to provide two days' racing and keep the show open as well, as the attendance, while smaller on each day, considerably exceeded in the aggregate the attendance last year, and the gate receipts benefited correspondingly.

The display of fruit was a fine one, and it seemed of better quality than ever. Apples, as usual, formed the bulk of the fruit exhibited, and there were some monsters of the feed-the-whole-family kind. Additional table space had been provided and it was well filled, and, as the young orchards come into bearing, more and more space will be needed each year until the building becomes inadequate.

Grapes were shown in most attractive bunches of excellent quality, and the fine lot of peaches grown round Kelowna was a surprise to many who think that the peach belt ends at Peachland. Peachland showed some splendid peaches, which carried away premier honours, but Kelowna was a good second. Peachland also took some prizes in apples, and Mr. G. R. Lawes, of Enderby, was also a successful exhibitor. There was no fruit from Vernon on exhibition.

The display of flowers, although good, was very scanty and in disappointing contrast to last year, when the beautiful showing of house plants gave hope that this year would see something better. The directors of the A. & T. Association should make it a point to provide handsome prizes next year for flowers, not only to encourage a taste for cultivating them, but also for the selfish motive of obtaining decorative material for the hall, which looked sadly bare this year.

Vegetables were good in quality but lacking in quantity, chiefly through the absence of one of the principal competitors of former shows, the lack of whose familiar name will be noted in the prize list.

Fancy work, paintings and artistic work were also shown in less numbers than last year, many of the special prizes in these classes not being offered this year. The directors need waking up along these lines. Special prizes cannot be obtained without energetic canvassing for them, and an early start should be made next year instead of leaving things to the last week or two.

Industrial exhibits were also painfully short in contrast to last year. Outside the building, the only machinery shown was a portable sawing outfit and a pump, each driven by a Fairbanks-Morse gasoline engine. Mr. G. H. Jernberg, agent for the company, was in charge of the exhibit during the two days of the fair, and it attracted a great deal of attention. Harvey & Co. showed brick, tile and special hollow brick for internal partitions, and W. Haug had a display of cement tile, pillars, lawn vases, fountains, garden rollers and—order your own!

Inside the building, attractive displays were made by James Bros., electrical supplies, lamps, and fittings; S. C. King, harness and saddlery; C. C. Josselyn, groceries; Kelowna Canning Co., canned goods and aerated waters. The exhibit of James Bros. is worthy of especial note for the variety of goods on exhibition. Hudson & Dunn, photographers, had ten large framed groups of landscape scenes round Kelowna hung on the walls, helping greatly to relieve their bareness.

A special display was made by the Kelowna Farmers' Exchange, who showed a most fascinating pile of packed boxes of McIntosh Red apples, 44 in number, with the words, "The Kelowna Farmers' Exchange, Kelowna, B.C.," picked out in brilliant red apples, one letter to a box, against the white background of wrapped apples forming the remainder of each box.

Mr. A. E. Boyer, agent for the Layritz Nurseries, Victoria, showed a glass case filled with choice samples of fruit, a shoot of an apple tree showing ten feet growth in one season, and a healthy yearling apple and peach tree.

Amongst other exhibits worthy of notice were some corn, 10 feet in height, and a tobacco plant, 10 feet in height, grown by Mr. L. Holman under canvas. Mr. Butler also showed some excellent tobacco grown on the bench, and of fine enough quality to make good cigar wrappers.

The poultry, live stock and horse exhibits were limited in number but of good quality, and there is hope that in future years increasing interest will be taken in these branches, and that all classes will be filled and the premiums claimed.

The lion's share of the work of the fair was borne by the energetic secretary, Mr. B. McDonald, who was ably helped by a fair assistant, Mr. De Hart, who was appointed manager a bare week before the show, utilised the time at his disposal to the best advantage, and Messrs. T. G. Speer and W. C. Blackwood worked from morning to night to make the fair a success. Some of the directors assisted in a less degree, but, as long as the majority of them consider theirs solely an honorary position, the bulk of the work is bound to fall upon two or three.

As we go to press details of the gate receipts are not available, but will be published with the official prize list in next week's issue.

The judges, who were as follows, were all local men:—Poultry, Vegetables and Field Produce, J. Chaplin and W. Glenn. Cattle, Horses, Sheep and Swine, R. A. Copeland, W. Grummett and W. C. Cameron. Dairy produce, J. L. Doyle and T. Lawson. Fruit, H. V. Chaplin and R. C. Ecclestone. Floral, Fine Arts and Fancy Work, Mrs. Leckie, Mrs. Josselyn and Mrs. Cameron.

KELOWNA RIFLE ASSOCIATION

There was a very good attendance at the practice on Thursday, and shooting was carried on under very pleasant conditions, the light being good and little wind to bother the marksmen except for a time at the 500 range. It was disappointing, in the circumstances, that no very high scores were made, Messrs. T. Hidsen, with 31, and G. C. Rose, with 30, both obtained at the 500, being the only riflemen to reach the 30's at any range.

A few members of the Association went down to the range on Saturday for an extra practice. The light was very dull, and there was some wind at the 500, but better shooting should have been done. The men who have shot over the range only two or three times showed up to better advantage than those who have attended every practice, and Mr. H. H. Stray Shots

The Nelson military companies practice at the range on Sundays, as they are unable to secure a full turn-out during the week.

The Ross rifle scored another triumph on Sept. 12th, when a team of ten men from the Manitoba Free Press defeated a team from the Winnipeg Rifle Association by 31 points. The match was shot over the Sturgeon Creek range, and the Free Press states that of the ten members of their team only four had any previous experience with the military rifle previous to this year, while of the four only two had ever shot in any match previous to this year. The Free Press men used the Ross and the W. R. A. the Lee-Enfield. The match was shot at 200, 500, and 600 yards, 7 shots at each range, possible total 105. The Free Press riflemen made an average of 81.7, and their opponents 78.6.

SUPPLEMENT

To The Kelowna Courier and Okanagan Orchardist

LOCAL NEWS

Mr. W. B. M. Calder returned on Tuesday from a business visit to Toronto.

Mr. J. S. McDonald, inspector of telephones for the Public Works department, spent Saturday to Monday here. He was accompanied to Vernon by Mr. H. H. Millie, local agent of the government line.

An impromptu dance was held yesterday evening as a wind-up to the festivities of fair time. About forty couples kept it up till 2 a.m. in Raymer's Hall to the inspiring strains of Mr. J. W. Wilks at the piano, and all enjoyed themselves hugely.

Harvest Thanksgiving services will be held in the Baptist Church on Sunday next, Sept. 27th. Rev. H. P. Thorpe will preach on appropriate topics at 11 a.m. and 6.30 p.m. There will be special singing, and the church will be decorated with harvest offerings, which will afterwards be sent to the Hospital. A cordial welcome is extended to all.—Con.

Mr. G. Stirling gave us last week a clipping from the Christian Herald, London, England, of Aug. 27th, which showed the appalling ignorance of English editors in regard to British Columbia and the prairies. It was an illustration showing a terrific forest fire before which a terrified crowd of wild animals is fleeing madly. The beasts depicted include buffaloes, deer, horses, wolves and wild cats, and beneath the engraving, which seems to be an old wood cut of the 40's, is some letterpress in reference to the Fernie fire, from which we make the following quotation: "One of the most impressive features of the fire was the stampede of animals from the forests, which, in many instances, was the first warning of danger to the villagers." Since buffaloes are not known to have ever ranged in British Columbia, and they have been extinct on the prairies, except in the wild lands of the far north, for the past thirty years, the writer responsible for this astonishing anachronism would do well to study a child's primer on natural history before venturing again to write on matters evidently out of his ken.

FOOTBALL

Vernon and Kelowna played football at the race course yesterday under difficult conditions. A strong northerly breeze not only made the air chilly but also carried the ball continually across the field, making the ultimate destination of long kicks extremely uncertain. The game was ding-dong throughout. Vernon seemed to have the best of it in the first half and did most of the pressing, being rewarded with two goals to one for Kelowna. In the second half, however, Kelowna bucked up and played a hard game, keeping up an almost continual assault on the Vernon goal, resulting in two goals for them. Vernon scored once more, and the game thus finished three all, a fair representation of the play, as there was little to pick and choose between the teams.

KELOWNA LITERARY INSTITUTE

(Contributed)

The Kelowna Literary Institute has now been organised, and committees have been appointed to arrange for furnishing, heating and lighting the room generously provided by Dr. Boyce, supplying literature, newspapers, magazines, &c. A public circulating library is also being arranged for, and it is hoped that public debates on popular subjects may occasionally take place on evenings to be decided on.

The yearly membership fee has been placed at \$3.00, or less than one cent per day. Larger amounts are being accepted from friends of the Institute.

The Managing Committee hope to open the reading room early in October, the time depending on the state of membership and subscription lists, as no debts will be incurred. The rooms will be open to members and the public.

Help the good work along.

LADIES' FALL TAILORING—The Ladyware Co., of Vancouver, are showing latest fall styles at Messrs. Davies & Mathie's store, Pendozi St. Don't fail to call and inspect.

A meeting will be held in the Lake View Hotel on Tuesday, Sept. 29th, at 8 p.m., to arrange about a Bachelors' Ball. No Bachelors' Ball was held last season, and it is hoped to repair the omission by making the proposed dance a great success, to aid which a large attendance at the preliminary meeting is imperative.

LOST

A gold locket with initials "A. H. H." engraved on one side, on Tuesday afternoon. Reward for return to Courier Office. 8-2.

DIMMOCK-JONES

Yesterday morning, at 10 o'clock, in St. Michael and All Angels Church, Rev. T. Greene united in marriage Mr. W. A. Dimmock to Miss Gladys Jones, of South Okanagan. The bride was given away by her brother, and the bridegroom was supported by Mr. C. H. James. Mr. G. A. Kirk acted as organist. Mr. and Mrs. Dimmock will take up their residence in Kelowna.

This is the third marriage that has had its origin at "Cupid's Camp," on the lake shore, and the name has justified itself.

"OKANAGAN JUNCTION"

(Contributed)

A suggestion has been made to the effect that the name "Sicamous" be changed to "Okanagan Junction" and a large board placed there by the C.P.R. with the names of the different points in the valley painted thereon.

The word Sicamous gives no indication that it is the gateway to the Okanagan, nor does its physical appearance, and many travellers are not aware of the fact until later when they make enquiries and find the branching off point has been passed.

The valley should certainly be represented in some effective way at its headquarters on the main line, and this change would help in that direction.

KELOWNA RIFLE ASSOCIATION

Continued from page two

icle on the record score made at Bisley this year by a member of the London Rifle Association, at 800, 900 and 1000 yards, with the Ross rifle. The writer speaks in high terms of appreciation of the Canadian rifle, which he seems to consider superior to the Lee-Enfield and the Springfield. From this and other evidence it would appear that the Ross, which has as yet only reached Mark III in patterns, is deemed better than the perfected Lee-Enfield, which has reached Mark VII, and it has been unjustly criticised because the Mark I and II models undoubtedly contained some minor imperfections common to all military rifles of new design in their early period of manufacture.

PUBLIC READING-ROOM

Organization Completed

About fifty people, amongst
them a number of ladies, attend-
ed the public meeting in Ray-
mer's Hall last Friday evening,
called to receive the report of the
committee appointed at the pre-
liminary meeting to go into the
details of organization. Mr. D.
Leckie was unanimously voted
to the chair, and Rev. J. Ball was
appointed secretary, in the ab-
sence of Mr. E. W. Wilkinson.

The report was submitted and
caused a protracted discussion,
which at times appeared trivial,
about half an hour being taken to
debate whether the purpose of
the reading-room should be for
"intellectual recreation and im-
provement" or for "intellectual
improvement and recreation."

Trifling though the difference in
wording may seem, in reality
there was a distinct cleavage be-
tween the advocates of a reading-
room pure and simple and of a
Young Men's Institute, with a
gymnasium and recreation-room
in addition to the reading-room.
Rev. H. P. Thorpe and Mrs.
Postill spoke strongly in favour
of the larger scheme, but it was
not regarded as practicable by
other speakers, including Rev. J.
Ball, Rev. A. W. K. Herdman,
Messrs. J. W. Jones, J. Curtis,
J. Hunford and Rev. J. H.
Wright, owing to the large pre-
liminary outlay required, which
they did not think the town was
large enough to afford.

The name was the subject of
discussion also, but eventually,
on the motion of Rev. J. Ball and
Mr. J. Hunford, "Kelowna Liter-
ary Institute" was selected.

The committee reported in
favour of a membership fee of
50 cents per month or \$5.00 per
annum, the reading-room to
be free to members and non-
members alike, but only members
to have the privilege of voting at
business meetings. Another
division of opinion became evi-
dent on this clause, and Rev. Mr.
Thorpe moved that the room be
supported by voluntary contribu-
tions, subscriptions over a
certain amount to entitle the
subscriber to a vote. Rev. Mr.
Ball supported Mr. Thorpe's
proposal, provided the committee
thought it feasible. Mr. J. W.
Jones, for the committee, said
they expected voluntary sub-
scriptions as well as member-
ship fees.

Finally, a motion by Messrs.
Carscallen and R. Fuller was
carried, that the membership
fee be \$3.00 per annum. The
rest of the clauses of the report
carried with little discussion.

Provision was made for the
election of an honorary president,
president, vice-president, secre-
tary, treasurer and three mem-
bers of the executive committee,
and it was decided that the
annual meeting for elections and
reception of report be held in
September of each year.

On the motion of Messrs. Mc-
Tavish and Hunford, the meet-
ing was held competent to deal
with the election of officers for
the ensuing season. Dr. Boyce,
who has generously given the
free use of the premises for the
reading-room, was unanimously
elected honorary president; Mr.
J. B. Knowles, vice-president;
Mr. Carscallen, secretary; and Mr.
McTavish, treasurer.

On nomination being called for
members of committee, an amus-
ing contretemps arose. For the
three places the names of seven
men had been proposed, when a
gallant young man in the back of
the hall, with more chivalry than
discretion, proposed the names
of three young ladies, Misses

Smith, Messenger and Glenn.
A ballot was taken and the count
showed that the ladies had been
elected. As two of them were
not present and the administra-
tion of the reading-room by
ladies when it is practically cer-
tain to be used principally, if not
exclusively, by men would be
awkward to say the least, the
promoters of the room were
placed obviously in a quandary,
from which they emerged by
stating that, as two of the suc-
cessful ladies were absent and it
was not known if they would ac-
cept office, the remainder of the
committee would fill any possible
vacancies with persons of their
own selection.

At the close of the meeting,
membership lists were circulated
and were signed by a number of
those present.

SHOOTING TOURNAMENT

With Small Calibre Rifles

An enjoyable afternoon was
spent at Mr. W. Barlee's ranch
on Thursday between .22 calibre
rifle competitions and lawn tennis.
A large number of people attend-
ed from Kelowna and the country
and the beautiful weather com-
pleted the day's enjoyment. The
attentive kindness of Mrs. T. C.
Kerr and Mrs. Barlee was much
appreciated. The results in the
competitions were as follows:

CITY COUNCIL

A meeting of the Council was
held on Saturday evening with
the Mayor and Alds. Curtis,
Buckland, Gaddes and DeHart
present.

The following accounts was
referred to the Finance Com-
mittee and ordered to be paid, if
found correct:

W. C. Blackwood, work on
power-house wharf. \$ 90 25
Can. Gen. Electric Co., wire 251 18
Thos. McKay, Deputy Re-
turning Officer's fee. 3 00

On the motion of Alds. Curtis
and Gaddes, the question of
control of irrigation water within
the city was referred to Mr. F.
Billings, solicitor, Vernon, for
advice.

Two applications from Van-
couver for the position of en-
gineer of the new power plant
were received and filled, and a
communication from Mr. R. B.
Kerr, solicitor, in regard to Mr.
J. P. Brook's remuneration for
services as special constable in
June was laid over until the next
meeting of Council.

WHICH WAY?

Protect Existing Forests or Plant New Ones?

"If you draw the attention of
the 'man on the street' to our
rapidly diminishing supplies of
timber he will in nine cases out
of ten say, 'Yes, that's so. Why,
the Government ought to go to
work and plant up the open spots.
Let us examine the practicability
of such a scheme. With a large
and well equipped nursery for
the growing of forest tree seed-
lings, and with labour at \$2.00 per
day, it is possible to reduce the
cost of planting, five feet apart
each way, to between \$7.00 and
\$8.00 per acre. For sake of argu-
ment, let us assume it can be
done for \$5.00 per acre, or \$3,200
per square mile. At this rate,
the planting of a township only
six miles square would require
the expenditure of \$115,200. The
'man in the street' will do some
pretty hard thinking before he
will consent to pay his share of
the cost of such an undertaking,
yet he will read in his morning
paper that thirty townships, or
more than a thousand square
miles of woodlands in Northern
Alberta, Saskatchewan or Man-
itoba have been destroyed by fire,
and scarcely give the matter a
passing thought.

"Would it not be very much
more to the purpose to take time
by the forelock and use the money
required to plant up a single
township for the maintenance of
an efficient fire ranging system,
similar to the one already estab-
lished in Ontario? To my mind
the problem pressing hardest
upon the Dominion Forest Ser-
vice for solution is the protection
of the western woodlands from
fire. The new railway being
built through them and the settle-
ment that will quickly follow will
be a constant source of danger,
but if fire rangers who feel the
responsibility of their positions,
and possess the necessary dili-
gence, firmness and tact to faith-
fully perform their duties and
secure the co-operation of the
settlers and the railway compan-
ies, can be found and retained in
the service a great deal may be
done to save invaluable forest
forest areas from ruthless de-
struction."—A. H. D. Ross, M.A.,
M.F., at 1908 meeting of Canadian
Forestry Association.

TO UTILIZE ARID B. C. LANDS

Mr. C. E. Saunders, of Ottawa,
who has charge of that section of
the Dominion Agricultural De-
partment engaged in testing and
breeding new varieties of grain,
recently paid British Columbia
an official visit, and while at the
Coast made a statement for pub-
lication in regard to the contem-
plated experiments in growing
grain on arid lands.

Mr. Saunders stated that the
wheat growing possibilities of
the interior are to be tested and
to this end arrangements are
being made to conduct grain-
growing experiments in the vast
dry belt, a district comprising
the greater part of the Okanagan
and the country surrounding
Kamloops, Spence's Bridge, Ash-
croft etc. It is absolutely im-
possible to irrigate a part of this
territory, but arrangements are
under way for the commencing
of tests this autumn for the suc-
cessful growing of grain and hay
without irrigation, one of the arti-
ficial aids to be used being
the soil-packer. No experiment-
al farm will be established, but
overtures will be made with re-
putable farmers for the carrying
on of the experiments.

It will be impossible to pro-
duce No. 1 hard or anything like
it, but a class of wheat will be

grown that at the present time
cannot be produced in Manitoba
or the northwest provinces. On
account of the exceptionally dry
climate in the interior this wheat
will have a fine color, due to the
lack of moisture at harvest, and
the article will be of exceptional
value for cereal foods. Further-
more, the wheat berries will be
round and therefore can be pol-
ished with little waste, a matter
that is a problem with the hard-
er and oval shaped wheat berries
of the northwest.

The system of wheat growing
in British Columbia's dry belt
will consist in part of packing
the soil with the new soil-packing
invention which leaves the upper
crust loose, thus giving the grain
a chance to grow and preventing
the moisture from escaping. The
grain grown on the coast, Mr.
Saunders said, is of good quality,
but of poor color, because of the
wet, but the dry belt grain will
figure among the best obtainable
for cereal foods, etc.

CITY COUNCIL

(Crowded out last week)

The Council met on Friday
with the Mayor and Alds. Curts,
Buckland and DeHart present.

Letters were read from Mr.
W. C. Brent, Toronto, asking for
a definite refusal on the unsold
light and water debentures; from
the Canadian Agency, Ltd., ask-
ing for literature upon Kelowna
and the surrounding district, and
from G. A. Hankey & Co., Ver-
non, stating that they could ar-
range to take another \$1000 worth
of the 7 per cent. debentures,
if the city would pay 2½ per cent.
commission upon the sale.

A refund of road tax was or-
dered in favour of Mr. Archie
McEachern, who is not yet of
age.

It was resolved to borrow an-
other \$1000 for local improve-
ment purposes.

By-law No. 47, providing for a
plebiscite on the Royal Hotel
license question, was read a sec-
ond and third time.

At the regular meeting on
Tuesday the Mayor, Alds. De-
Hart, Buckland, Curts and Gad-
des were present.

The following accounts were
referred to the finance committee
and ordered to be paid, if found
correct:

Synopsis of Canadian Homestead Regulations.

ANY available Dominion Lands within the
Railway Belt in British Columbia, may be
homesteaded by any person who is the sole head
of a family, or any male over 18 years of age, to
the extent of one-quarter section of 160 acres, more
or less.
Entry must be made personally at the local land
office for the district in which the land is situate.
Entry by proxy may, however, be made on certain
conditions by the father, mother, son, daughter,
brother or sister of an intending homesteader.
The homesteader is required to perform the
conditions connected therewith under one of the
following plans:
(1) At least six months' residence upon and
cultivation of the land in each year for three years.
(2) If the father (or mother, if the father is de-
ceased), of the homesteader resides upon a farm in
the vicinity of the land entered for, the require-
ments as to residence may be satisfied by such
person residing with the father or mother.
(3) If the settler has his permanent residence
upon farming land owned by him in the vicinity
of his homestead, the requirements as to residence
may be satisfied by residence upon the said land.
Six months' notice in writing should be given to
the Commissioner of Dominion Lands at Ot-
tawa of intention to apply for patent.
COAL.—Coal mining rights may be leased for a
period of twenty years at the annual rental of
\$1.00 per acre. Not more than 2,500 acres shall be
leased to one individual or company. A royalty
at the rate of five cents per ton shall be collected
on the merchantable coal mined.
W. W. CORY,
Deputy of the Minister of the Interior.
N.B.—Unauthorized publication of this adver-
tisement will not be paid for.

THE RACES

The weather on Tuesday afternoon was bright and sunny but an unusually chilly westerly breeze made it rather uncomfortably cool for those in the grand stand, which was well filled. The Kelowna city band played selections with acceptance throughout the afternoon. Unfortunately the baseball game advertised between Kelowna and a team of commercial travellers did not materialize, the knights of the grip failing to put in an appearance. The city water cart did good service in watering the course, otherwise the strong breeze would have added clouds of dust to the discomfort caused by its coolness.

The racing was fairly good, although one or two of the events, notably the trot for Okanagan colts, were disappointing. Much interest was taken in the Gentleman's Harness Race, and Mr. DeHart's victory with "Bill" was a popular one. Results:

HALF-MILE RUNNING, OPEN—Heats, 2 in 3. Purse, \$100. Horses entered and owners: Topsy, Narcisse; Rose Leaf, B. Hancock; Princess Louise, Ran Cocos Stables.

First Heat: 1, Rose Leaf; 2, Princess Louise; 3, Topsy. A good race. Princess Louise took the lead for part way round, but was overhauled by Rose Leaf who won by a length. Time .54.

Second Heat: Another good race between Rose Leaf and Princess for first place, Topsy being distanced. Rose Leaf won by a length in spite of a bad start. Time .53.

GENTLEMAN'S HARNESS RACE—Half Mile. Local Horses. Heats, 3 in 5. Purse, \$100. Horses entered and drivers: Bill, F. R. E. DeHart; Road Boy, I. Chamberlain; Sharper, Paddy Murphy; Joe, C. Blackwood.

First Heat: 1, Bill, 2, Road Boy; 3, Sharper; 4, Joe. A close race between first and second. Bill broke for a short distance when about half way and lost ground by it, but won by a length and a half. The third and fourth horses, as in the rest of the heats, were badly distanced. Time, 1.28.

Second Heat: Road Boy took the lead, but broke half way round and Bill passed him, keeping the lead to the finish. Time, 1.27½.

Third Heat: The best heat of the bunch. Bill broke twice and lost ground, and Road Boy had a good lead, but Bill overtook him on the home stretch and won in a fine finish by half a length. Time, 1.25.

PONY RACE—14 hands and under. Quarter mile dash. Purse \$50. Horses entered and owners: Peggy, Gordon Stirling; Tiny, W. Garbutt; Lightning, F. Casorso; Black Beauty, Fred Brent; The Kid, G. W. Mappin; Weasel, G. K. Smith, Col. Dennison, jr., H. D. Ashcroft.

1, Black Beauty; 2, Col. Dennison, jr.; 3, Weasel. A long time was consumed in getting a start, the bunch of ponies being very troublesome to get in line. Won by three-quarters of a length, third horse a length behind. A good race. Time .29.

TANDEM RACE—Purse, \$35. Horses entered and drivers: Dan and Billy, Cal. Blackwood; Nigger and Spencer, F. Casorso.

1, Nigger and Spencer. Blackwood's driver broke away from him and finished the course, but Casorso in any case would appear to have had an easy victory.

PONY RACE—14.2 or under. Half mile dash. Purse, \$75. Horses entered and owners: Fancy Me, R. W. Radcliffe; Black Beauty, Fred B. t; McGinty, H. Richter; Whip Cloud, J. F. Royer.

1, McGinty; 2, Fancy Me; 3, White Cloud. A good race, the horses being well bunched up throughout. Won by half a length, third horse being a length behind. Time, .56.

OPEN DASH—Five-eighths mile. Purse, \$125. Horses entered

and owners: Mimo, B. Hancock; Royal Queen, Geo. Anderson; Adirondack, Ran Cocos Stables.

1, Royal Queen; 2, Mimo; 3, Adirondack. A fast race. Royal Queen led all the way, winning by two lengths. Time, 1.07.

TROTting RACE—Half-mile. Okanagan colts only. Heats, 2 in 3. Purse, \$50. Horses entered and owners: Fanny, J. N. Cameron; Dandy, Sam Munson; Joe, J. H. Baillie.

First and Second Heats: 1, Joe; 2, Fanny; 3, Dandy. A disappointing race of the nature of a procession, and a slow one at that. All the horses took turns at breaking and galloping. Joe was an easy winner in both heats, and about the same distance separated the second and third horses. Time, about 2½ minutes.

INDIAN RACE—Purse, \$20. 1, Narcisse.

Weather conditions yesterday were no better than on Tuesday, as the day was cloudy and cold with a piercing wind from the north which made conditions in the grand stand decidedly unpleasant towards the close of the afternoon and the attendance consequently fell off. The Band was again present and played in good style. The racing was good and there were not so many tiresome delays as on Tuesday, for which the Race Committee were not responsible, as it was very difficult to get the horses out quickly for the events.

It was satisfactory to note that the "tin-horn" gamblers, who had the cheek to attempt to ply their trade at the course on Tuesday, had made themselves scarce. It would have been a disgrace to the Association to permit such swindling games as the so-called "wheels of fortune," and while the other games were comparatively innocent and required some degree of skill in throwing, it is just as well that they were all stopped by Chief Hidson.

The Race Committee had an unenviable task in their chilly and exposed position in the judges' stand, and they are to be congratulated on carrying through the programme without a hitch. Those in attendance were Messrs. J. Bowes (starter), T. Lawson, R. A. Copeland, H. W. Hardman, P. DuMoulin and F. W. Fraser, secretary. Results:

GREEN TROT OR PACE—Half mile. Heats, 2 in 3. Purse, \$100. Horses entered and owners: Joe, J. H. Baillie; Road Boy, I. Chamberlain; Sharper, Paddy Murphy.

First Heat: 1, Road Boy; 2, Joe; 3, Sharper. Good race between first and second. Road Boy won by a length. All three horses were fairly well bunched till the home stretch, when the third horse was left behind. Time, 1.38½.

Second Heat: 1, Road Boy; 2, Joe; 3, Sharper. Road Boy kept the lead most of the way, although Joe pluckily challenged him, and won by three lengths. Time, 1.36.

PONY RACE, 14.2 OR UNDER—Quarter-mile dash. Purse, \$75. Horses entered and owners: White Cloud, J. F. Royer; Fancy Me, R. W. Radcliffe; Polly, W. R. Barlee; McGinty, H. Richter. 1, McGinty; 2, White Cloud; 3, Polly. A good race, all horses well bunched to the home stretch. McGinty won by a length. Time, .25.

HALF MILE OPEN DASH—Purse \$75. Horses entered and owners: Daniel, C. Shuttleworth; Rose Leaf, B. Hancock; Princess Louise, Ran Cocos Stables; Black Beauty, Geo. Anderson; Dan, Victor.

1, Rose Leaf; 2, Princess Louise; 3, Dan. Black Beauty was scratched and Daniel went off the course. A good race between first three horses, Rose Leaf winning by a bare length. Time, .54.

FREE FOR ALL TROT OR PACE—One mile. Heats, 3 in 5. Purse, \$150. Horses entered and owners: Kelowna Bill, F. R. E. DeHart; Cope de Oro, Frank Young; Road Boy, I. Chamberlain.

First Heat: 1, Kelowna Bill; 2, Cope de Oro; 3, Road Boy. Kelowna Bill won handily, but it was a good race all the way. Two and a half lengths separated each horse at the finish. Time, 2.54½.

Second Heat: 1, Cope de Oro; 2, Kelowna Bill. Road Boy, scratched. Bill kept a length ahead until the home stretch, when Cope de Oro pulled up and finished a winner by a head. A good race. Time, 2.56.

Third Heat: 1, Kelowna Bill; 2, Cope de Oro. Cope de Oro broke near the

finish of the first round, Kelowna Bill winning with ease. Time, 3.00.

Fourth Heat: 1, Cope de Oro; 2, Kelowna Bill. A pretty race, neck and neck all the way to the home stretch, when Bill broke and Cope de Oro won by half a length. Time, 3.00.

Fifth Heat: 1, Kelowna Bill; 2, Cope de Oro. A repetition of the fourth heat, except that it was Cope de Oro that broke on the home stretch, and Bill won easily, taking the purse. Time, 2.55. The victory was a very popular one.

MATCH RACE—Quarter mile. Between Black Beauty and Lightning. Black Beauty won easily by four lengths. Time, .27½.

MILE OPEN DASH—Purse, \$125. Horses entered and owners: Mimo, B. Hancock; Royal Queen, Geo. Anderson, Bob, A. R. Davy.

1, Royal Queen; 2, Mimo. Bob went off the course. A close race between the other two horses was won by Royal Queen by a length. Time, 1.50½.

COWBOY RACE—For special prizes, presented by Mr. Paul Prozesky through the A. & T. Association. 1, -Doc; 2, Dandy. Won by half a length.

CONSOLATION RACE—Purse, \$50. 1, Dandy; 2, Daniel; 3, Bob. Adirondack came in first, but was disqualified for foul riding, the jockey having twice deliberately pulled his horse across the others.
